CAR Tour & Meeting

Saturday, November 5th will be the next CAR Tour and meeting. Location will be at the Cave Creek Museum in Cave Creek. Don Peterson has set up what looks like a great tour of the museum and we will get to see a real stamp mill in operation. Address is 6140 E Skyline Drive in Cave Creek. Time is 9:30 AM. **YOU WILL NEED TO RSVP DIANE TO BE ON THE LIST TO GET IN THE MUSEUM! NO LAST MINUTE SHOWUPS WITHOUT RSVP.** This is to make sure there will be enough room for our group, as they are very busy on this Saturday. We will then go as a group to the Buffalo Chip restaurant for lunch (Club to pay museum admission—lunch on your own). Don't miss this one! See you there!

New "In The Spotlight" Section Each Month

I would like to ask all CAR members to send me pictures and a story on your Vintage Chevrolet or another car from your garage. The other members would like to hear about your car(s) and see what they look like, as we have not been able to get out and see them in person. So send in those pictures and stories so I can get them in the upcoming Fuel Lines.

Presidents Message

Looks like another successful swap meet on the books. The weather was perfect! Unfortunately, Don & I could not attend as we got the flu.

Thank you to the members who helped Dean out.

Don Peterson has set up a great tour for November. Hope you can make it.

We have one new member and possibly another. Jim & Chris Ebele of the Model A Club bought Ed's '49 Chevy. It's just like the one Jim drove to high school.

Speaking of members, Jim & Lee McMillan have sold their house in Surprise, so they won't be wintering out here anymore.

Take care and get your flu shot. See you at the museum tour next week and the Christmas banquet on December 11th, Diane.

AHIPS! (Acronyms Hidden In Plain Sight)

From a casual LOL (Laugh Out Loud) to your bank card PIN (Personal Identification Number), acronyms infuse our lives now more than ever. Sometime, you might not even realize you are using one. For example:

- > Did you know that laser is the lazy way of saying Light Amplification by the Stimulated Emission of Radiation?
- > Taser might shock you even more. That's the Tom A. Swift Electric Rifle, named after a 1911 young adult adventure novel that was much beloved by NASA researcher Jack Cover, who invented the Taser in 1974.
- > Scuba diving? Hope your Self Contained Breathing Apparatus is working.
- > Lube a greasy wheel with WD - 40 - that's Water Displacement, 40th formula - a name straight out of the lab book of the chemist who invented the stuff in 1953, after 39 failed attempts.
- > Shop at IKEA? Thank founder Ingvar Kamprad, who grew up on the farm of Elmtaryd near Agunnaryd, a town in Sweden.
- > When in Sweden, listen to plenty of ABBA. The famous pop quartet was named after its members: Agnetha, Bjorn, Benny and Anni - Frid.
