Bring your own picnic lunch (no grilles to cook on in our picnic ramada) We will turn everyone loose to go through the many things to do in the park and eat at 11:00. Museum is \$2 and train ride is \$3. Be sure to try and get your Vintage Chevy out and drive it. (When you drive in the parking lot, look to the side closest to the park where some of our early people will have their Chevys parked.)

New "In The Spotlight" Section Each Month

I would like to ask all CAR members to send me pictures and a story on your Vintage Chevrolet or another car from your garage. The other members would like to hear about your car(s) and see what they look like, as we have not been able to get out and see them in person. So send in those pictures and stories so I can get them in the upcoming Fuel Lines.

CAR 2022 In Review

February, 2022 - Hall of Flame Museum

In February, the CAR toured to the Hall of Flame Museum, an outstanding collection of vintage fire engines and fire fighting equipment. The displays were awesome and the tour guide was great. Everyone was fascinated by the museum. Afterwards we went to Papago Park for a picnic lunch and ate until we rolled home. A good day for all!

April, 2022 - Janet Cussler's Auto Museum

In April, CAR toured to Janet Cussler's (former wife of world renowned author, Clive Cussler) awesome auto collection of rare and high dollar automobiles as Rolls Royces, Duesenburgs, Packards, Cords and more. This jewel of a collection is very hard to get entrance into, but our fearless leader, Diane Adams finally got us in and it was well worth it! Following the museum tour, CAR did our normal activity of retiring to a local restaurant for our favorite activity of eating lunch. Another great day for the CAR!

November, 2022 - Cave Creek Museum Tour

In November, the CAR toured out to Cave Creek to visit the Cave Creek Museum, whose main focus was the early days of mining in the Cave Creek area. Several of the exhibits were original equipment used in mining in the area around Cave Creek. The rock crushing machine, blasting demonstration and the Fairbanks Morse stationary engine were some of the very interesting working exhibits there. Our tour guide was very knowledgeable and interesting. A must see on anyone's bucket list! Following the tour, we motored on down to one of the local eating establishments to fill up on some good grub. Another fine day for the CAR!

December, 2022 - CAR Christmas Party

In December, the CAR had their annual Christmas Party at Dillon's Restaurant. They always have good food for us each year. We also have our gift exchange and this year a lot of gift stealing went on. Sandy Bruyn got her gifts stolen 3-4 times! Good food and good fun were had by all. Unfortunately, Don & Diane Adams could not attend as they were under the weather. We missed them, but we ate some extra food and desserts to make up for them not being there.
