April CAR Tour and Meeting

Our tour for April will be to Gateway Classic Cars. The address is 23305 N 23rd Ave, Phx, but GPS has been a little unreliable with the address. Easy directions are: Pinnacle Peak Road to 23rd Ave - turn south to William A Alter Way - turn left to Gateway Classics. We will meet there at 9:00. If the club brings ten cars, Gateway will donate \$100 to the club. So get those old Chevys out and come on over. We will go to lunch after the tour. Be there or be square!

New "In The Spotlight" Section Each Month

I would like to ask all CAR members to send me pictures and a story on your Vintage Chevrolet or another car from your garage. The other members would like to hear about your car(s) and see what they look like, as we have not been able to get out and see them in person. So send in those pictures and stories so I can get them in the upcoming Fuel Lines.

Presidents Message

Well, the March tour to Vulture City had a good turnout. Unfortunately, we were not able to go. The pictures I saw on Facebook were great .If you haven't joined the Facebook page yet, you are missing out on pictures and information. Go to Central Arizona Region and check it out. A big thank you to Cricket Peterson for handling that.

Sandy is coming home from rehab. Her son is coming down to help until she gets stronger. Wishing her the best.

Dean has sent the check for our portion of the swap meet. Because of the increased number of spaces sold, we got more money than for the last three swap meets. Thank you to those members who helped Dean with set up and take down..

Our April event is a car show at Scottsdale Gateway Classic Cars. If we can get ten cars, the club will get \$100. So get your Chevy out and come on over. We will go to lunch afterwards. See you there. Diane

CAR Tour to the Phoenix Trolley Museum

On Saturday, February 11th, 22 CAR members and guests descended upon the Phoenix Trolley Museum in downtown Phoenix. We found a small but very interesting museum about the history and life of the trolley cars in Phoenix. Three very well versed docents led us through the history and background of trolley cars in the Phoenix area. A very interesting stop to put on your bucket lists.

Following this, we retired to the Spaghetti Factory for a great lunch and a lot of Chevy talk.

CAR Tour to the Vulture City Ghost Town

On Saturday, March 25th, 12 CAR members made the trek out to the Vulture City Ghost Town outside of Wickenburg. A lot of work and rebuilding of buildings and structures had happened since the club was there many, many years ago, and they have done a great job. We were taken on a guided tour by one of the owners which was very interesting and informative.

At the end of the tour, we got to watch the U S Marshals group doing skits and shootouts, which were very entertaining and funny, all dressed in period costumes of the old west in the 1800's.

The owners had set up tables and chairs in the old bunkhouse for our group to eat our lunch and carry on with more Chevy talk. A good day!

One Liners For The Retired

- > When I get a headache, I take two aspirins & keep away from children, just like the bottle says...
- > Just once, I want the prompt for user name and password to say, "Close enough".
- > If God wanted me to touch my toes, He would have put them on my knees.
- > If you see me talking to myself, just move along. I'm self employed & we're having a meeting.
- > Does anyone else have a plastic bag full of plastic bags or is it just me?
- > Today's 3 year olds can switch on laptops and open their favorite apps. When I was 3, I ate mud.
- > So, you drive across town to walk on a treadmill?
- > I decided to stop calling the bathroom "John" and renamed it the "Jim". I feel so much better saying I went to the Jim this morning.
- > Last year I joined a group for procrastinators. We haven't met yet.
- > Why do I have to press one for English when you are going to transfer me to someone I can't understand anyway?
- > Even duct tape can't fix stupid—but it sure does muffle the sound.
- > It would be wonderful if we could put ourselves in the dryer for ten minutes, then come out wrinkle free ... and three sizes smaller.
- > I hate it when I can't figure out how to operate the iPad and my tech support guy is asleep. He's 5 and it's past his bedtime.

Points to Ponder

- > For most people, when you lose your “khakis”, you’ve lost your pants. When you’re from Boston & lose your “khakis”, you can’t drive your car...
- > Common sense is a flower that doesn’t grow in everyone’s garden....
- > Sign at local hardware store : Notice - Husbands choosing paint colors must have a signed note from their wife.....
- > My wife asked me to take her to one of those restaurants where they make the food right in front of you. So I took her to Subway and that’s how the fight started.....
- > I hate it when people act all intellectual and talk about Mozart while they’ve never even seen one of his paintings....
- > People say drinking milk makes you stronger. Drink 5 glasses of milk and try to move a wall. Can’t? Now drink 5 glasses of wine. The wall moves all by itself....
